

## HYGIENIC DOG SLIP

The Doggli slip with Doggli panty liner offers optimal protection for bitches in heat. When she's in heat, you don't need to worry about armchairs, couches or carpets. The Doggli slip is very flexible and elastic with a simple fastening system: the Doggli clip. Thanks to a regulator the slip can be adapted to the belly's silhouette. The soft, absorbing Doggli panty liner with adhesive strip and waterproof bottom layer has to be replaced several times per day.

## ADVANTAGES

1. The Doggli dog slip has the ideal fit and offers an optimal protection for bitches in heat.
2. The Doggli slip is a product of high quality
  - contains 95% of cotton, a pure natural product  
=> very wearable and a large absorption capacity for filth and fluid  
=> cotton doesn't bring out any static electricity like for example synthetic fibres and is easy to wash
  - contains 5% of elastane: this rubber fibre has the property besides a large elasticity also to have a large flexibility so that the slip re-takes his ideal fit after every washing.
3. The Doggli slip has a supple elastic which can easily be doubled in length without giving a oppressive feeling to the dog.
  - the elastic is of first quality and maintains his elasticity for a long time
  - the elastic is sufficiently wide and very flexible
  - thanks to a regulator the length of the elastic can be adapted to the belly's silhouette

4. The Doggli slip has a unique fastening system with several advantages:

- very small, fits completely to the rounding of the bitch
- provided with a security lock, slip can not open by itself
- discreet for the dog
- no change in colour and no rust marks
- life of closing movements unlimited

5. The Doggli slip contains a super absorbent panty liner adapted to the size of the slip and is also available separately.

- extra soft and absorbent top layer
- offers optimal protection
- very thin and easy to bring in
- provided with adhesive strips, they prevent shifting of the panty liner
- provided with waterproof layer
